

Parental Consent for Transportation by Private Vehicle

Transporting Students in Private Vehicles Permission Form

Parents may decline school offered transportation and opt to drive students voluntarily to and/or from educational field trips or co-curricular activities. In order to be permitted to drive to these events, parents must sign a Field Trip form attesting to the fact that:

1. they have liability insurance
2. their vehicle is mechanically sound
3. they have a valid drivers license with no pending OMVI or OMVI per se charges
4. they are declining school provided transportation
5. they are assuming all liability and responsibility for the students that they are transporting
6. they are not acting as "agents of the Upper Arlington Board of Education"

In the event that parents decide to drive their personal vehicles to and/or from an educational field trip or co-curricular activity in which my child is involved. I acknowledge and grant permission for my child to be transported by one of those parents who have a Field Trip form on file at the school.
